They're actually manip...

Although the Megan Fox pic looks too close to call, it's mostly likely a manip.

It'd be interesting to find more blonde (or not) actresses in the costume.

By the way, I meant to say Elisha Cuthbert from "House Of Wax," not Elisha Dusku (my mistake)

Actually, if I recall, I remember someone doing a photo-manip of Marilyn Monroe as Supergirl. Wish I could find that one again.
