Step One: You get 1 point for each user submitted base image you use. If you use all ten images you will get an extra 2 points for maximum of 12 points from this part of the competition.

Results-

Winterhawk 12 points.

Bikerbot 12 points.

Brick 9 points.

Step 2: The next two parts each participant will vote on the other participants picture on a scale of one to ten for two separate scores, One for overall presentation and integration.

My votes.

Bikerbot- presentation:9 integration:9

Brick- presentation:10 integration:9

Now you guys vote.
