Actually I expected you to be harder on me.

Since you have already won I'll say I liked yours better because (irony as mine was overcooked) yours was manipulated \_more\_ for the overall scene. And I'm not being flip.. Its just that element that I like.

Winters was cleaner, but slightly less congealed as a whole. I'll count myself out and the score 10.10 / 9.5.9.5. on crazy curve.

Yeah thats a cop-out, but 10X10 for playing in the first place.
