So, no takers on the whole "need to work on backgrounds" thing (I knew I shouldn'ta told you all I was already workin on one).

Anyways, fire away when ready; I'll be posting EVA soon. I could probably work on her forever, but I need to move on, it has been 2 months (just let it go...).

I had another idea, but I will table that and wait to see what you come up with.

MatrixBlur ol' buddy ol' pal... shine your shoes? -Brick

Um... okaay. (why do you want to shine my shoes?)
