ok, I could agree GI Joe was popcorn, but I wouldn't spend the money on it again.

Yeah, I liked Ryan Reynolds as Dead-Pool but I have no idea how they are going to do a movie for the character with out making it a prequel that will be inaccurate because those were not his powers or his background.

As for Gambit, the actor was ok, I think they could have picked a better one and told him to do a real Cajun accent next time. He was too baby faced.

I've always loved Wolverine and Gambit but just cause they're popular doesn't make them the focus of the Marvel universe.

bacically to me Hollywood is saying the audiences are too stupid to handle more than one concept at a time (Pheonix and the Shi-ar) and that they are going to throw favorite characters at us with no true relation to the actual characters or stories.

I understand things have to be changed, but not everything.

and I never saw Bruno...thought it looked mind numbingly stupid.
