And no its anything to do with Supergirl, tho if Petercotton wants to do one by all means.

Anyway my request, I've been playing Batman Arkham Asylum and been going around work saying "I'm Batman" in a deep voice and thought be funny if I had a picture of myself in a batsuit (Batman Begins style), so I can say "see told you I am", would do it myself but would look crap as I don't know how to do such things. If anyones keen let me know

Thanks
