hey guys,

just saw this morning that Angelina Jolie is "keen"  
to play title role of "Maleficent"-Sleeping Beauty  
from the villainess' point of view. it isn't official  
yet, but she is free after her movie with Johnny Depp.  
(bet he REALLY hates his job-  
)anyway, here's the  
link:

enjoy and I'm sure Jennifer Aniston would agree that Angie  
would be a perfect wicked queen.
