Yeah, I did.

Spoiler alert!!!! Don't read if you don't want to know.

I was disappointing that the Mjollnir wasn't better represented. I had to think (yeah, it hurt) about what I just saw. It wasn't until I got up from my seat that I said "Ahhh Haaaaa... that was Thor's hammer." But still, Cool all the same... looking forward to the Thor movie! I am interested to see how they tie it into the the other Avenger linked movies.
