Seen it, loved it. Downloaded a torrent of it. Even though I noticed things were a a bit off, it was still a good movie. Did anybody notice G4TV's AOTS Olivia Munn had a part in the film? Hawt Hawt Hawt!!

Honestly, I think Don Cheadle did a better job than the last guy, but i HAVE to agree with Winterhawk on this one. One foreseeable problem with this particular movie franchise: The IM villians, there really weren't that many and the majority were kinda lame.
