I'm planing on cosplaying as Mary Jane thanks to everyone's opinion here at HM.  
But I've got a question for everyone.

Since she doesn't have a costume or uniform, what would generally be accepted as MJ's look? What do you think of her wearing (that can be worn in public) when some one says her name?

Thanks guys, I also plan on going as Poison Ivy...so if you're going see you at DragonCon!
