BTW: just to let you know, I'm going to update the comments in all my pics

Don't you dare!

It has become a problem on the site. These "updates" that I can't tell what has been changed.

SOOO with that said, this can be a written rule. If you update your image and DO NOT add a comment as to what you changed, I am simply going to delete the image. And an update does not consist of changing the color of someone's eyes. It has to be a substantial update to warrant an "update"

If you do not comply and re-post an image that has been deleted, you will make the mods very angry... and you won't like us when we are angry.
