For me, my stuff has been taken and posted everywhere, even at paysites. Back in the day I wanted to put a stop to it and discovered that that in itself was a full time job, so I gave up policing my artwork. Besides, I have a look to my images that most people here at HM know and if they see my work elsewhere they normally tell me.

As for posting my real name in my profile...well, if I don't know you, I really don't want you knowing my name. There are people out there that I really don't want stalking me.
