Okay i grant that you guys have very valid reasons for staying anonymous and i didn't know about the IP adress thing Winterhawk (thanks for the info BTW). But I wasn't talking solely about the pieces themselves inasmuch as the intellectual properties of original characters and the like, as having your ideas stolen is as painful and potentially more costly than having a piece of art stolen. Many folk on here I concede have no such properties and rarely post original works or characters. Admittedly I was simply curious about the lack of personal info (Of any kind) from members here. I can see everybody's points and I wasn't trying to nitpick.

As for Jr's real name: Look you can still live a fairly normal life and have a very promising career (in adult films) it's not the end of the world.....Okay yeah it is.LOL
