Hi everyone,

I love comic book characters when in 3D they look great. When I look at the 3D Gallery what great artists but notice people do a lot of Marvel & DC comics. Anyway I have a request I would like to see the following characters please: 1.Avengelyne (In her Image comics costume 1995)2.X-O COMMANDO(From Valiant Comics) 3. X-O Manowar (Again Valiant Comics, In his Costume from Issue 51-62)4.Witchblade (Michael Turner) 5.Glory (From Image comics)5.Shadowman Jack Boniface(From Valiant comics) 6. Angela (From Image & Spawn comics) 7.Ghost (From Dark Horse comics Volume One)8.H.A.R.D. Corps (Form Valiant comics). Please make them in 1920x1200. Thank you all who readied & help me out. :-)
