hey all,

how was our Halloween? I celebrated it by going to see PARANORMAL ACTIVITY 2. I won't say I was scared, per se, but there were some parts where my heart did skip a beat or two. I won't spoil it for those who haven't seen either one yet, but I will say that the two movies are connected. Most of the weird shit happens before the first movie, but the ending is three days after the first one ends. I also saw all three endings of PA1 on YOUTUBE and they were a tad disturbing as well. There was the theater version and one alternate ending, both on the DVD. There was also a version that was supposed to be the "original" ending, but now you can only see it online. Anyone else see PA2? How did they like it? Comments are welcome.
