...er rather My comic: Addiction

That's right, file this one under shameless self promotion.

I've done a new comic (mostly) filed in the HM gallery although you'll need to be signed in to see page 8 in the Adult Gallery. It's a bit dark and gritty but I'd really like it if I could get a little more feedback although I would like to thank Hisstoryman, Finister and CO4 who have already commented. The 3 of you are gentlemen and scholars... mucho gracias! For the rest of you, I'll make it easy... here's a link to the pages:
