Well at the time I posted Golobulus, I trans-versed all (at the time)all 446 pages of the gallery to see if there were any of him

Wow, that's a lot of searching!

You might consider using the search box if you're not quite so ambitious...

although it didn't yield any results looking for Amethyst. I seem to recall Tazman doing a drawing of her some time ago though he may not have posted it here. Still, can't recall ever having seen a photo manip of her.
