September Challenge:

Cartoon Team-Up

Ok, since the Crossover Challenge was won by two artists from C2F (i.e., one of our guys wasn't even on the winning team!), it's been decided we'd have a better chance to win a Team-Up challenge if it's only Heromorph artists.

There was also some noise/interest in doing a Cartoon Theme, which seems appropriate.

Therefore, the rules of the Challenge are thus:

- Pick/find a partner, or work alone (If you do not play well with others or if you think that you might not be able to complete your picture on time.) You may Draw, Paint or Manip.
- The Theme is Cartoons, any country (but if you make up a cartoon we'll challenge you to prove it's real  
, from 1960 through to 1990.
- Here is The Twist: The Cartoon Characters you Manip must be famous people (no "mystery models", no porn site bimbos-unless they're \_famous\_), and they must be from the same decade as the Cartoon is from! Therefore, if you want to do He-Man, the model you choose must be famous from the 80's - Ahnuld, Lou Ferrigno, Mr. T would all be acceptable models. Or for The Superfriends (70s), think Charlie's Angels or The Love Boat.
- Clarifications available on request. First prize will be a personal Avatar, created by you or the artist of your choosing (assuming the artist likes you  
. One entry per contestant, If the winner of the challenge already has a custom avatar they can pass the prize on to the artist/artists that come in second.

The due date is September 30.

Now go get to work
