Number one Megan Fox is not talented enough to play any superheroine let alone Wonder Woman. In my opinion she'd only be good to play a henchwoman. Number two Kristina Hendricks from "Mad Men" said she'd love to run around in WW's skimpy outfit and I tend to agree with her (she also said it's been a childhood fantasy for her to play WW so that tells me she'd take the role seriously). And number three Kristanna Loken would probably be my ultimate choice because she's tall, gorgeous, built like an amazon and can kick ass. all she'd have to do is dye her hair brunette and I'll pre-order my movie ticket on the spot!
