And on the note of Ralph Bakshi, didn't he do a cartoon movie called Wizards? On that note, is cartoon movies allowed for this?Quote:

Winterhawk said earlier today in the shout box that cartoon movies are included.

-That is correct, we discussed this last night. So, Wizards, Heavy Metal, The Rankin-Bass Lord of The Rings movies, everything Disney, The Last Unicorn, the list just goes on and on. [Click here for some light reading.](#)

-Max, your Niko would be allowable, but only if you changed her face to some 80's celebrity. Same goes for [Kallisti's Taarna](#), in case you're wondering, K.

-And lastly, last night someone suggested Dom Deluise as Captain Caveman, and that is such a good idea I wanted to save it for prosperity!
