I'm trying to find a character that appeared in a swimsuit comic. I don't know her name or the publisher(doesn't show up in a Wildstorm google search) but I found a perfect base for a photomanip...yes a photomanip, believe it or not. She's laying naked on a bed of bullets. If I remember right her skin might be gold. Who is she?

Is this be the one? [" target=" blank">http://farm1.static.flickr.com/242/525326252_f23af1c68d.jpg](http://farm1.static.flickr.com/242/525326252_f23af1c68d.jpg)

If that's the pic it looks like something from the Danger Girl comics.
