I've seen Palicki in the third and "final" costume for the pilot, and given the differences in the metal pieces on the costume, it's actually pretty close to the Lynda Carter version, and in some ways better.

I'd echo others and suggest that it would be nice if NBC or the CW aired at least the pilot even if not picking up the series, and at the very least release the pilot on the net similar to how the Aquaman pilot was handled.
