.....Olivia Wilde as Wonder Woman

As hot as I think she is, she doesn't work for me as WW. WW needs to have boobs, and Olivia just wouldn't fill her bustier. I guess the rest of those tools..er...actors work. I fear what will happen when I say what I am about to say... but the Justice League sucks. So, I definitely don't have any ideas for casting. I mean.... Really...Aquaman? Really? He is the most worthless Superhero ever. Hell, Poopman would take him down without having to use his super-poop power.

OH, and Jim Carey as Stretch Armstrong... That is the only one of your suggestions that I totally agree with.
