A dream cast for JLA: The Movie is all good and well, but we all know too many superstars too few \$\$\$.

Superman - Henry Cavill (*Man of Steel* movie in production)

Batman - Christian Bale (*Batman* movies)

Wonder Woman - Bridget Regan

Green Lantern - Ryan Reynolds (Sorry, but if they follow suit with Marvel he'll be in it)

Aquaman - Adam Joseph Copeland (Edge WWE)

Flash - Neil Patrick Harris (*How I Met Your Mother*)

Martian Manhunter - CGI'd (voice - Coby Bell *Burn Notice*)

And that's my pick, but they'll probably make an announcement at Comic-Con on the *Man of Steel* panel
