My twisted design is *entirely* different from his twisted design.Exactly. Mine's better. ("an army of robot-monkeys..." \*Pff!\* Where do you install the frickin' laser beams? Monkey-robots, now, they're all metal. None of that Cyborg robot-monkey hybrid crap. All metal, except for the brain...)

Quote:

Max - if you're going to stick a monkey's brain somewhere, it might as well be inside a deadly robot. I'm saving one special monkey brain that's not going into a deadly robot. Care to guess where it's going?
