Get out there and vote... we have awards to... oh wait... the voting is over...

Gawd I am glad that is over... If I logged on and saw one more sly comment from BB or WH trying to get everyone to vote in the shout box I was going to puke!

But their efforts seemed to pay off. I too would like to thank everyone for voting and see y????????all in the next competition. I will be having a huge after-voting party for all that want to attend... Black tie and bring your own???????? High class!!!!

Keep up the good work everyone!
JR
