Have not seen any of them except Capt.

Like Hawk, my expectation were low. So I was pleasantly suprised when it didn't suck! I liked it a lot.

The movie I worked on ages ago, called The Whole Wide World, was about Bob Howard (Conan's Author for those that do not know). Of course, the movie didn't touch much on Conan but I still feel that I have to see Conan for the connection.

Plus, since it isn't Arnold as Conan... it has the potential not to suck.
