Rise of the Planet of the Apes: Dear god, I couldn't escape the hell that was the original Ape movies as a kid. So dodge

Green Lantern: I plan on buying it on Bluray when it comes out. I admit it's not THE GREATEST MOVIE EVER. But I definitely enjoyed it.

Captain America: It sucked 400 kinds of ass the first 2 or 3 times they tried to make it. Dodge

Thor: Never been a fan. Dodge....

Conan: The Arnold versions were based off of Robert Jordan's Conan books. This version supposedly is goin with the original writer's. Not to mention they got the guy from StarGate Atlantis that's forever tryin to cut somebody. So yeah, I'm there bitchez.
