I saw Conan,

I liked it. I got to see everything I wanted to see in a Conan movie.

Good sword fights - check

Bare breasted babes in fantasy wear - check

A monster that kills people good or bad - check

The acting was better then the Arnold movies (but really that isn't hard to do). I also liked that it was a serious movie and they didn't try for any stupid laughs or anything. This even had me bring out my old D&D books and start to think about maybe starting up a game.
