glad to see the artist spotlight return [eventhough some of the interveiws are re-runs to oldschool members like me]. i always thought it would be great to be spotlight artist but so far i have yet to be approached. should i change my deodorant? is my breath bad? or do i just fall into the category of no-talent bum? lol. i mean whats the criteria for being considered? or is it just a pull-a-name-from-a-hat thing?
