nice link. that really brought back those old Heavy Metal memories for me.

Yeah, that music was Heavy!

I don't know what happened, the music put me to sleep about 3 seconds in.

Yes, that is kick hiney...

Noooo!

JR: I'm sure Star is referring to Moebius being one of the original publishers and a frequent contributor to Heavy Metal Magazine. As to the soundtrack, I noticed whoever did it has the same last name as Moebius so it's probably his kid or something but if the soundtrack's puttin' ya to sleep, mute that puppy and crank up the Cannibal Corpse while watching Moebius do his thang!

Star: If you like those old Heavy Metal stories, there was an animated version of Moebius' Arzak on Spanish TV around a decade ago. Unfortunately, they're in Spanish. Fortunately, Arzak's original stories were wordless and Moebius' narratives often just make things more confusing anyway!

Anyway, you should get the gist of most of them. Here's the first one (if you follow the link back to Youtube, you can catch all 14!):
