well i waited 4 years for this movie and i'll say i wasn't disappointed in the least. i thought the characters interacted well with each other and appeared very super indeed but not invincible. i particularly liked who i thought would actually be the weakest link in the movie..the Black Widow...her opening scene with the russian maffia was classic. i didnt particularly care for the new cg version of the hulk [i thought they would use the same model from 'incredible' whi ch i thought looked more menacing and hulkish] but this one passed..although why most of his stances and movments were apelike i dunno..but his scene with loki will forever stay in my mind as the best one in the whole movie. i only saw the first end scene and my heart jumped when i saw who the next baddie up to bat would be. so im really looking forward to the next one. go see it..that's an order!
