well the fact is the only natural animal they could cg into the hulk was the ape that being said i quite enjoyed the movie

cap man out of time imagine waking up and finding out the world u knew was gone

thor as per the myth he wasnt to be immortal so that sticks

hulk apelike mass of rage and anger issues  
makes perfect sense

black widow former KGB spy and assassin yep shes a keeper

hawkeye technicly learned his skills under the trickster when he was in the circus and that accuracy is almost like radar lol

to bad they didnt add ant man or wasp to round the team out
