Ahh... I have to go with my favorite on this. And lets make this interesting.

Happy Gilmore - Richard Kiel

We'll keep moving on... but I don't know If OCP understands the rules. Tim Blake Nelson was not in the Transformers.

But John Turturro was in "O Brother where art thou?"

What?

Isn't the rule post a movie with a co-star from previous one? I saw nothing about both have to be on next movie.

Anyhooo... Forrest Gump - Sally Field

OCP take the actor from the previous post and post a movie they were in AND an actor from that movie.

Like you said Sally Field so I'll say: Hooper

Then name a person that was in that film like: Jan-Michael Vincent
