I am not a Batman fan. I enjoyed the first half of Batman Begins but the last act of the movie just became silly.

But I think The Dark Knight was an exceptional film.

Because of that I saw Dark Knight Rises yesterday as soon as I could both out of excitement and a desire to not have anything spoiled.

IMO Dark Knight Rises sucks ass, and I was not expecting to say that a day ago. It does not live up to the other 2 films.

Not going to say any more right now because I don't want to spoil. And others might enjoy the film, Batman fans will probably like the film regardless if it is good or bad.
