Now I just watched it. I've been waiting for a torrent since I didn't feel like wasting money on something everyone says blows (that wasn't a prostitute). And I gotta say... wasn't that bad. Sure, like most comic book movies, it had some trouble sticking with continuity and character origin, but you gotta admit.. Anne looked damned good in that catsuit. I was a little confused with this "Blake" character too... don't wanna spoil it for those that haven't seen it.

BTW I don't pay women for that service... it was a joke...
