Its been quite some time since I've been here so most of you probably don't even know who I am...and I have a new name!

I used to create under the names "bathori" or "M4 Studios"...specialised in Legion of Superheroes manips.

Due to how busy I am I am not creating on a regular basis anymore, but I crank something out when I can...I do have a few recent images to upload, just have to resize them for uploading :)

Anyways, its good to be back and I'll be checking out lots of new manips over the next few days!!
