This is just a reminder, I've seen already some images for our fellow Wolf but so that the mod in charge can spot them easy, please put on the title "for Wolf".

And also, don't let the fact that you don't know about Dr. Who stop you from entering as that also didn't stop Wolf from leaving a comment when he liked any image.

In fact, the image I'm making doesn't have nothing to do with Dr. Who as the only Dr. I was able to see here was the one with Christopher Eccleston.
