True, they kept it within form with the web shooters, but they still made him a skateboarding, smartass that seemed to be a wee bit too good at parkour when he got those powers. Of course, I loved the wisecracks as Spiderman, but as Peter, he's not supposed to be such a smartass. Uncle Ben was played down too. What's the sense in getting a well-known actor to play such an important role if the writing just neuters him? One more gripe... The Lizard, yes it looked cool, but I thought he looked too much like Voldemort in the face. Not a lizard-like face at all.
