Jr and I already talked about this on xbox live. It made me laugh that the soul reason he can't stand the first set of movies is because his shooters were a part of his body. The fact that he didn't make them killed the whole trilogy for Jr.

I told him I liked the Toby McGuire versions because he was a damn geek. I told him the reason I didn't want to see the new ones is because he's all emo and looks nothing like the geeky nerd to be picked on constantly.
