I hated Spiderman (Comic Book) when he acquired the black outfit (Secret Wars) and shot webs out of the tops of his hands. Oh, don't get me wrong... I liked the look... but... 1st: you can't grab a web shot out of the top of your hand... 2nd: It was just stupid!

Yup, hated the first three because he produced his own webs. That is just nasty. He was spunking all over the city! Plus, I always thought of his web shooteres being a weakness. I liked that. But if you can spooge from your wrists... it defeats the purpose.

The new Peter was a little too "Cool". Toby was a better Spidy... But this movie was all around better. ALthough, I do agree that the lizard looked like "He who shall not be named"

And I still don't understand how Spidy's feet stick to a wall when he is wearing sneakers.
