Option 1. Old style present on most comics

Option 2. Navigation thru thumbs present on [Digital Interface](#)

Option 3. Fullscreen view (or the closest I can make) present on [Knockout Vee Stories #1](#)

Option 4. Navigation thru thumbs **without javascript** present on [Explosive Vee Stories #1](#)

Please Vote on the viewer you think is best to view our comics here at Heromorph.

The poll ends by the end of January and after that, I'll change all comics to the chosen viewer...
