If photoshop stuff is theft, Then I'm going to be serving time for a loooooonnnnnnnnnngggggggggggggggg time.

Also, I was in a 6 year relationship with a woman who'se wishes I respected but who didn't respect mine. I truly believed I loved her and she was the "ONE". Well, she was the one. The one who craved attention from other guys, the one who slept with my friends, the one who spent MY money on other guys (behind my back of course), the one who'd make you want to kill or be killed, the one who was a bigger pain in the ass than I deserved. Eventually I realised she was the ONE who was going to stress me into jail, death or worse. Needless to say we broke up and I thought that was the end of my world. about two years later I met a wonderful woman who wanted nothing but to make me happy. She succeeded in this endeavor and so I married her this past February. My point is this: Sometimes the ONE we think is right for us is totally wrong for us. God will bring you someone worth having, someone who considers your happiness as important as their own. And on the day she finds you rejoice!

Excelsior!

(Now that Stan " the Man" Lee is retired I don't see the word Excelsior as much as I'd like, so I'm going to use it cause it is a cool-ass word!
