I hate when I post a link and it doesn't show up as a link. I am not sure if y'all read the link.

Here it is -->

http://www.slate.com/blogs/xx_factor/2013/06/03/matt_smith_leaving_doctor_who_the_12th_doctor_should_be_a_woman.html?wpisrc=most_viral

I have enjoyed reading this thread... I had NO idea. I might be able to watch another episode knowing that Dr. Who is an illegal alien.
