They made the new Alan Scott gay because for whatever reason, they couldn't use Obsidian (Alan's gay son from the pre-reboot continuity). I don't really see why it should be controversial. For one thing, it's not the mainstream continuity. For another thing, the pre-reboot Alan Scott had been killed off, and had been a confirmed bachelor for decades, so it's not like he had a long track record of heterosexuality to begin with...
