Ok, so I just posted "Bored With Bullets" under the Marvel Photomanip gallery (non-adult).  Sorry, I don't own any comic books for reference, so I found a drawing someone did of her to take pattern from and stuck to that instead.  Same difference to me.  I'm just ghetto like that.

Hope U like.  Had some fun making it.

So what should I be working on next?

BTW: Been thinking about the duels.  I'm no longer the sort of chap who just pounds 10 people to get what I want, and I've probably already started to intimidate the easy folks out of challenging me anyway.
**May I have a custom avatar for completing 10 homework assignments instead?**  Same output from me that way, and nobody has'ta get crushed.
