Interesting. We could have used you in the Teamups.

Anywho, if you are looking for some constructive criticism, it looks like he has a set of balls hanging out of his mouth. If that is suppose to be his tongue, I would re-visit it and make it look like a tongue and not like Zombie Spidy just held some poor dude down and neutered him.

But again, it is look pretty kick hiney either way. I look forward to seeing it finished.
