Look at our Halloween challenge image. My Spiderwoman had her eyes showing. I used the smudge tool and the stamp tool to cover her eyes. It took all of 5 minutes to take care of her eyes. And I am a photomanip guy. So covering the "3d" eyes of Spiderwoman was a simple task. If you need some help, let me know. I will be more than happy to help you out.
PM me.

Oh, and Star... come on... it can't hurt to agree with me.
