I've seen Gwen's death in the movie on You Tube interesting to say I'm still trying to figure out if her neck snaps from web lash or does her head bounce off the floor and then neck snap... Guess I'll have to wait for the movie to hit DVD to see it clearer...

I saw the movie for a second time and I was looking at the same thing as you... but I think her neck broke.

BTW: I was the first to hate the first spider costume when a I saw pictures of it before I watched the first movie, but I have to say I like it, and also the mask's lenses, but the classic costume is... well the classic costume!
