the show really seems to be picking up speed.

Really?!

I hope so, or he would not be much of the Flash.

i'm gonna be sad when it ends as well. ive really enjoyed it so far. i still would like to see the writers get a little more creative in how Flash uses his speed to defeat his foes but i really can't complain. i've really enjoyed all the super villains that have appeared so far and really looking forward to seeing Firestorm as they showed at the end of last week's Arrow.

Well, turns out it's only the mid-season finale! Yeah, I'm with you, it would be great to see more creative use of the superspeed (though time travel is one that seems to be implied). Of all this new bunch of comic based shows, Flash is shaping up to be the best classic superhero type of the bunch. Looking forward to it's return after the new year.
